Yes

Need any change in curriculum and syllabi:

Yes, Add new subject like EV, Battery Technology etc

and also add value added subject like word, excel, PPT

Improvements in teaching and learning Process which is help-ful for student

Add Smart Board for new learning

Power PPT

Have you learned the basic concept through your Project?

Yes

Do you suggest any new Subject/ Course to be introduced?

Lab work computer language should be added.

Any other suggestions/comments:

Krishna

Subject: Feedback for Civil Engg. Subjects

Respected Madam

This is with reference to the telephonic conversation regarding the feedback of CED. I Sunil Gargwal (Roll No - 11092516) did my B-Tech (Batch - 2009-2013). My opinion on curriculum taught in M.M.E.C are detailed below:

- 1) The overall curriculum followed by CED is flawless & is very helpful in industries.
- 2) I would like to suggest to add some more Industrial oriented program during the 4th final year.
- 3) Inter university Interaction should be promoted & initiated on larger scale.

Thanks & Regard

Sunil Gargwal

M. M. Engineering College
MULLANA (Ambala)

Feedback on Syllabus 'Engineering Hydrology, Water Resources / Irrigation'.

Syllabus floated for graduation students is very limited. As per requirement syllabus should be in detail. Hydrology and Surface hydrology should be segregate as per curriculum.

Water Resources & System Engineering should be done on simulation model or new advance techniques.

Prof. S. S. Srinivas

Comments on the Syllabus of 'Engineering Economics Estimation and costing.'

As per the subject the only two lectures are there in a week. As the syllabus is vast and the subjects contains lots of numerical. So, no of lectures should be increased.

The Head of Department
CED, MMEC
MM(DU), Mullana Ambala
Haryana

In August, I visited MMU for some personal work, where I got the chance to visit CED of MMEC, where I studied during my B.Tech (2007-2011). I met Dr. Vinita Aggarwal who is working as the Head of the Department. We discussed various topics which could be beneficial to CED and are listed below.

1. Survey Camp was one of the best knowledge gaining Centre for the students. It provide students the exposure needed for the field & the Industry.
2. Number of Industrial trips should be Increased. It help students to learn about recent practices adopted in the field.
3. I personally feel, Geotech and Survey are the pillars of Civil Engineering. So, these subjects should be taught to the whole class in two semesters (not limited to Geotech-1 and Survey-1).

I would like to Express my heartfelt wishes to the students & CED for their future Endeavours

Warm Regards
Dr. Pankaj Bajaj

Feedback of Alumni on Curriculum/ Syllabus.

Dear Alumni,

Greetings from MMIMSR, Mullana!

Kindly spare some time to provide feed back on curriculum taught to you during your training at MMIMSR in your program. The main objective of this feedback is to make necessary modification in the curriculum so as to address the needs and requirements of the students. The suggestions/ changes suggested should take care of aspects related to students knowledge, employability, opportunities for higher studies and entrepreneurship.

Kindly mark your responses on the scale of 10 with 1 being poor/least appropriate and 10 being excellent/most appropriate. All the questions are mandatory. Kindly select the course for with the responses are being marked.

Thanking you.

Principal
