Feedback of Students on Curriculum/ Syllabus.

Dear Students,

Kindly spare some time to provide feed back on curriculum taught to you in your program. The main objective of this feedback is to make necessary modification in the curriculum so as to address the needs and requirements of the students. The suggestions/ changes should take care of aspects related to students knowledge, employability, opportunities for higher studies and entrepreneurship. Kindly mark your responses on the scale of 10 with 1 being poor/least appropriate and 10 being excellent/most appropriate. All the questions are mandatory. Kindly select the course for with the responses are being marked.

Thanking you.

Feedback of Teachers on Curriculum/ Syllabus.

Kindly spare some time to provide feed back on curriculum for the course taught by you. The main objective of this feedback is to make necessary modification in the curriculum so as to address the needs and requirements of the students. The suggestions should encourage students knowledge, employability, opportunities for higher studies and entrepreneurship.

Kindly mark your responses on the scale of 10 with 1 being poor/least appropriate and 10 being excellent/most appropriate. All the questions are mandatory. Kindly select the course for with the responses are being marked. Provide multiple feedbacks for each course taught by you.

Thanking you.

Kind Attention Dr. Vanita Aggarwal

Sub: Feedback for curriculum of Civil Engineering Department

Dear Madam,

As per the above mentioned subject, my opinion regarding curriculum is as follows:

1. The curriculum and study pattern followed in the department is as per required industrial standards and is up to the mark.
2. The courses are well balanced and framed, allowing students to gain a comprehensive understanding of civil engineering concepts and to develop a range of practical skills. The courses are challenging, yet accessible, and emphasize the importance of practical, teamwork, problem-solving and communication.
3. More focus on current topics and technologies help students to stay up to date with industry trends and learn about the latest advancements in civil engineering.
4. Overall, I believe it is a great foundation for students interested in civil engineering. I am confident that with time the curriculum will become even more effective.

I was blessed to be the part of institution and I wish Civil Engineering Department best wishes for future.

Thank you for your time and consideration

Subject: Feedback for curriculum of Civil Engineering Department, MMEC, Mullana

Dear Madam,

This is with reference to our telephonic conversation held today regarding the above mentioned subject, my views regarding curriculum are as follows:

1. **The overall curriculum and study pattern** followed in Civil Engineering Department at MMEC is **flawless and as per required industrial standards.**
2. **Industrial trips/Field visits/Survey Camps/Internships** helps in **gaining on-site experience and learning** for students.
3. **Project Management Techniques** like CPM/PERT helps in **project planning and scheduling.**
4. **Technical as well as Extra-curricular activities** used to perform in a splendid manner.

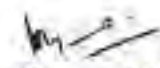

I am obliged to be a part of this institute which acted as an impetus towards my career growth. I wish Civil Engineering Department, MMEC all the best wishes for the future endeavors.

Thanks & Regards
