

Report

A one-day workshop on "HPLC IN PHARMACEUTICAL RESEARCH AND DEVELOPMENT" has been successfully organized For Research Scholars and Faculty on 21st April 2023 (Time: 10:00-12:30 PM) in the instrumentation room at M.M.College of Pharmacy MMCP. Nearly 52 Research Scholars were present for their active participation. Principal Sir (Prof. Sumit Gupta) and around 6 distinguished faculty members were also present at this moment. Technical Expert Mr. Devendra Kaushik from lab care techno solutions.

A key feature of the workshop: This skill enhancement workshop will provide participants the opportunity to master crucial concepts of HPLC theory and method creation as well as troubleshooting instrumentation techniques. Participants will also look at the quantitative and validation of methods. The training has been given to Research Scholars for proper maintenance of the instrument.

Technical Expert: Mr. Devendra Kaushik (Lab Care Techno Solution) Delivered the demonstration of HPLC to the Research Scholars

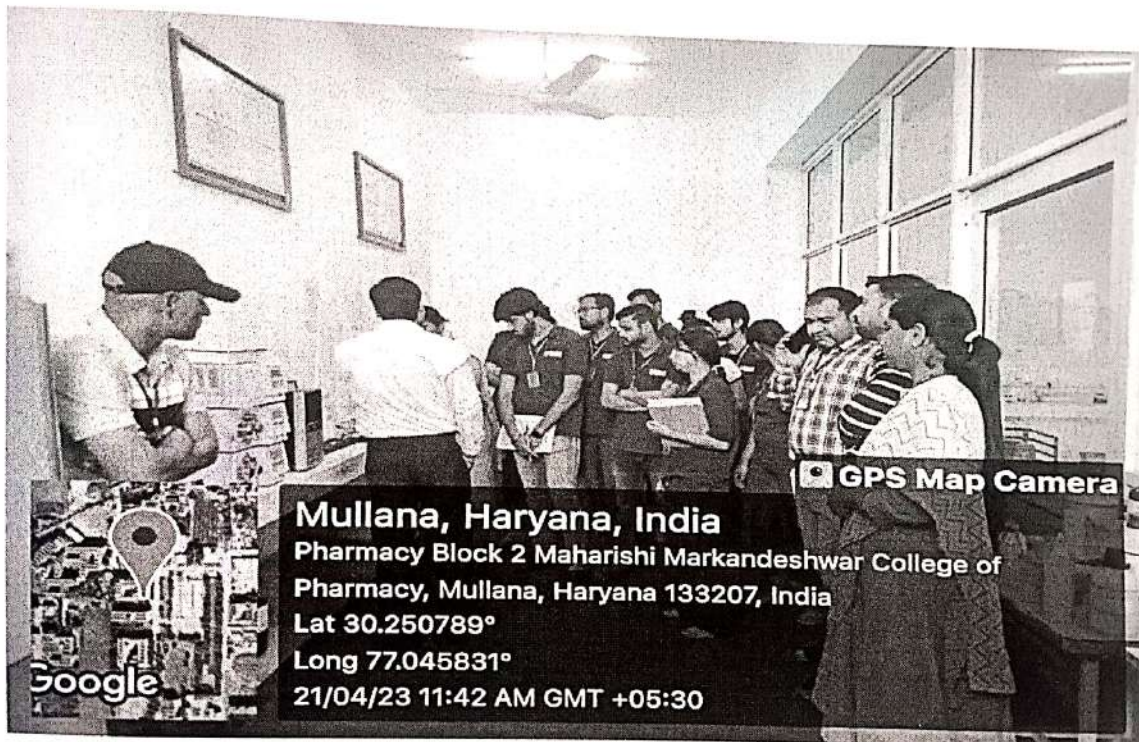

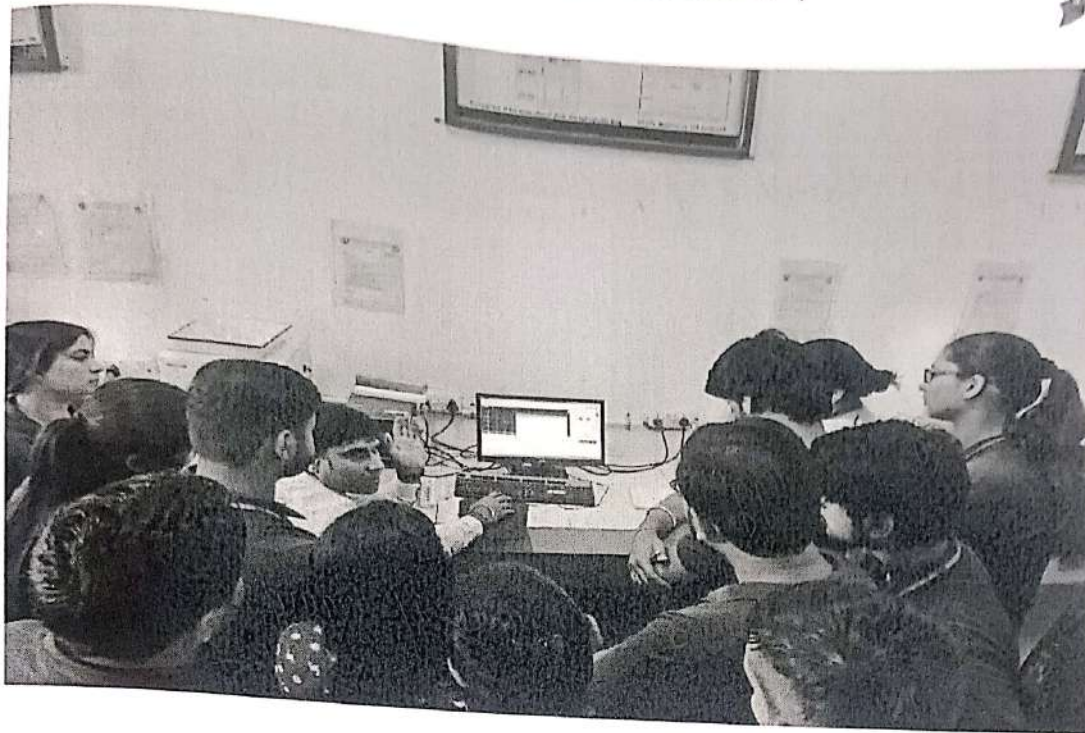

VISION: "Providing technical and practice oriented pharmacy education to prepare students with attributes to meet the need of industry and society"

MISSION: To develop best technically competent pharmacy professionals by inculcating desired attributes in them for meeting industry demands. * To make best pharmacists who can practice pharmacy to become effective team member of healthcare system and provide optimum pharmaceutical care solutions. * Promotion of useful and innovative research to contribute in development of nation and global society.

8th National symposium cum workshop on EXPERIMENTAL RESEARCH &
ALTERNATIVES (NSWERA)

8th National symposium-cum-workshop on experimental research and alternatives (NSWERA-2023) was being organized in the MM College of Pharmacy, in association with the Department of Pharmacology, MMIMSR, Maharishi Markandeshwar Deemed to be University, Mullana on 08th February 2023 under aegis of Indian Pharmacological Society (IPS). The main focus of workshop was on how to conduct experimental research ethically and how to develop alternative animal models to minimize the use of animals. The scientific sessions were commenced with welcome speech by Prof. (Dr.) Sumeet Gupta, Principal, MM College of Pharmacy, MM(DU) Mullana, Ambala.

The first session was started by the speaker Dr. Bikash Medhi (PGI, Chandigarh) describes the OECD guidelines in Good Laboratory Practice to ensure the generation of high-quality and reliable test data related to the safety of industrial chemical substances and preparations. Description of the Experimental study design, randomization, and dose selection was discussed by Dr. Ajay Prakash, PGIMER, Chandigarh. The keynote address by Dr. Sandip V. Pawar (UIPS, Panjab University, Chandigarh) looked at the challenges and applications in the areas of Cell culture in drug development. He acknowledged that, in recent times, there had been a growing awareness of Cell culture studies but said that more still needed to be done to allow further implementation of the necessary action. To delegates, some of the important techniques used in experimental research as well as other associated modernized techniques were also demonstrated. The gratitude and vote of thanks were proposed by Prof. (Dr.) Seema Bansal, MM College of Pharmacy, MM(DU) Mullana, Ambala. The workshop received a lot of positive feedback from participants. The certificates of participation were also provided.

Workshop Report (16 Nov. 2022)

16 Nov. 2022, M. M College of Pharmacy, Mullana Ambala organized "One Day Workshop on research Metrics and Reference Management using Mendeley". The workshop was aimed to explore significant usage of Mendeley for storing, organizing and sharing reference collections in various research/review articles among research scholars. Initially, the welcome speech was given by Prof (Dr.) Sumeet Gupta, Dean & Principal, M. M College of Pharmacy, Mullana Ambala. The distinguished speaker Prof.(Dr.) Dinesh Kumar Mehta, Professor, Mendeley advisor and facilitator started his discussion with introduction speech related to Mendeley. Total, 103 participants were registered for this workshop and during the workshop all participants were vigilantly listening to the speaker. He spoke about the composition of research articles & thesis by managing citations, bibliography and different reference files. He also shared his screen to show LIVE installation and further demonstration of Mendeley software. This provided students to make their scientific research compilation easy, specifically for research scholars. All the participants found this workshop very useful and informative. At last, the vote of thanks was given by Prof. (Dr.) Rina Das and motivated participants for their kind attention. Then, Prof. (Dr.) Sumeet Gupta, Convener, Prof. (Dr.) Rina Das, Organizing Secretary and Mr. Vishal Sharma, Coordinator of the workshop presented a token of respect to the esteemed speaker Prof. (Dr.) Dinesh Kumar Mehta for sparing their knowledge among research scholars. The certificates of participation were also provided to the participants.

SUBJECT: LETTER OF INVITATION – Esthetics in Orthodontics.

Dear Dr. Himali Gupta,

The purpose of this letter is to formally invite you, on behalf of the M.M. College of Dental Sciences and Research, Mullana under the aegis of M.M. (Deemed to be University) to deliver a webinar on the topic:

Esthetics in Orthodontics.

The timings of your Lecture – 14/06/2022, 11:00 am onwards.

Your audience will consist of undergraduate students, postgraduate students and faculty of MMCD SR.

We sincerely hope that you will contribute your invaluable experience and knowledge at this Continuing Dental Education programme. Looking forward to hearing from you soon!

Kindly send your high resolution photograph.

Sincerely yours,

H.M.G.

Event Report

Name of the Event: Alumni Connect Series
Organizer's Name: Alumni Cell, MMCDJR
Date of Event: 14.06.2022
Venue: Google meet

Details of Event

Number of Participants : 78
Lecture Topic : Esthetics in Orthodontics
Speaker Name : Dr. Himali Gupta
Designation : Consultant Orthodontist
Year : 2015
(mmi)

Description: Dr. Himali Gupta discussed various aspects of esthetic considerations in Orthodontics. She described the importance of facial esthetics to the practice of orthodontics, which has its origins at the beginning of her specialty. She also spoke on the treatment and planning of these esthetic considerations. She concluded by saying that achieving a harmonious profile and an esthetically pleasing smile has become the goal of treatment and is no longer secondary to achieving a functional dental occlusion and/or a rigidity to skeletal and dental norms.

Event Description: MMCD SR recently played host to a compelling educational program aimed at enhancing the academic experience of its students. The event, titled "Crossroads of Dentistry, an Interdisciplinary Roadmap for Better Patient

Outcomes" took place on 29th December, 2023 at the college committee room and witnessed an enthusiastic turnout of a total of 100 participants including students, faculty members, and our esteemed guest speakers.

The program kicked off with the lamp lightning after the bouquets were presented to our established guest speakers, Mr. Tarun Gulati (IQAC Head) & Registrar, MMDU (Dr. Rajender Sinha). The program commenced with an inaugural address delivered by Dr. G.M. Sogi, Principal of MMCD SR, Mullana, Ambala.

Our Esteemed guest speakers Dr. Chad Gehani and Dr. Rekha Gehani, renowned in their respective fields, graced the event with their invaluable presence. Their insightful presentations and profound wisdom enriched the sessions, offering a wealth of knowledge and expertise to all attendees. This platform not only encouraged knowledge dissemination but also fostered collaborative discussions and encouraged intellectual exchange among peers and experts. In the last there was an interaction session of our guest speakers with the Postgraduates of the respective departments.

As the event drew to a close, Dr. Deepankar Bhatnagar, HOD Department of Orthodontics, & Dr. Navneet Kukreja HOD Department of conservative and endodontics expressed their gratitude to our esteemed speakers, participants, and sponsors for their invaluable contributions. They highlighted the event's success in promoting academic excellence and fostering a culture of continuous learning within the institution.

Outcome: The "Crossroads of Dentistry" event proved to be an enlightening experience, propelling attendees to explore new horizons within the dynamic field of dentistry. It served as a platform for intellectual exchange, innovation, and collaboration, reaffirming the institution's commitment to advancing dental education and practice.

Invitation Circular:

Good Afternoon Sir,

All Directors, Principals & HOD's of MMDU, Mullana are requested to grace the inaugural ceremony in the committee room at Admin block by 09:00am on 29th Nov, 2023.

REPORT OF THE EVENT: " WORLD INTELLECTUAL PROPERTY RIGHTS DAY"

NAME OF THE EVENT: IPR AWARENESS WEBINAR

On the occasion of "World IPR day" on 26/04/2023, Maharishi Markandeshwar college of dental sciences and research in collaboration with IIC organized a webinar on the topic of IPR AWARENESS, by Ms. Prachi Prateeti on google meet platform. Ms. Prachi Prateeti is currently working as an examiner of patents and design, DPIIT, Ministry of commerce, Govt. of India. The webinar started at 3:00 PM with an introductory speech by Dr. Hemant Garg, Professor, Department of orthodontics and Dentofacial orthopaedics, MMCDSR. Thereafter, Dr G.M Sogi, Principal MMCDSR extended a warm welcome to the speaker and the webinar commenced. Ms. Prachi Prateeti enlightened the faculty and students of MMCDSR about the various Intellectual Properties such as trademark, copyrights, patents etc. The session was very insightful and had participation of 125 faculty and student members from MMCDSR. The event concluded with presentation of certificate of appreciation to Ms. Prachi Prateeti by the organizing team and a vote of thanks by Dr. Rheia Bajjal, Lecturer, Department of orthodontics and Dentofacial orthopaedics, MMCDSR.

CDE-26TH JULY, 2023

EVENT REPORT

On the 26th of July, under the proficient guidance of Dr. G. M. Sogi, Principal of MMCD SR, and led by Dr. Deepankar Bhatnagar, Head of the Department of Orthodontics, along with his dedicated team, MMCD SR's Department of Orthodontics organized a Continuing Dental Education (CDE) program titled "Edgewise Revisited." This event aimed to provide an in-depth exploration of the Edgewise technique in orthodontics.

Dr. Vikas Sehgal, a renowned expert in orthodontics, delivered a comprehensive lecture and hands-on workshop on the Edgewise technique, a fundamental aspect of orthodontic treatment. The event provided valuable insights into the latest advancements and practical applications of this technique. Dr. Sehgal commenced the event with an engaging lecture that covered different edgewise techniques. Following the lecture, participants had the opportunity to participate in a hands-on workshop, where they gained practical experience in the Edgewise technique. He demonstrated various types of bends, including 1st order, 2nd order, and 3rd order bends, as well as V-bends. Additionally, he showcased different loop configurations, such as T-loops and omega-loops. There were interactive sessions with Dr. Sehgal for real-time guidance.

Interactive sessions, including Question and Answer (Q&A) segments, were there to offer participants the opportunity to seek solutions to their specific queries and overcome any challenges they encountered during the event. Lastly, participants received a certificate of participation, acknowledging their commitment to advancing their knowledge in orthodontics through this event.

Date of Event: 26.05.2022

Venue: Google Meet

The screenshot shows a Google Meet interface with a presentation slide titled "REGENERATIVE DENTISTRY". The slide content includes:

- ▶ Losing teeth is an expected part of people's lives as they age or become damaged.
- ▶ Tooth regeneration is a stem cell based regenerative medicine procedure for missing and damaged teeth and has been considered a promising treatment option especially for patients with advanced dental disease.
- ▶ It's all about regrowing teeth using the patient's own autologous stem cells.
- ▶ In the future, the procedure could replace all missing and damaged natural teeth.

The slide also features two diagrams: one showing the process of tooth regeneration from stem cells, and another showing a cross-section of a tooth with a stem cell-based filling. The Google Meet interface shows a list of participants on the right, including Dr. Vasit Khajuria, and a bottom bar with the time 10:23 AM and the meeting ID ALUMNI CONNECT - 26/05/2022.

Event Description: Dr. Gourav Popli discussed various aspects of management of oral cancers in resource limited settings. He also described many hurdles faced by economically weaker sections to seek an early diagnosis. He emphasized that the management of oral cancers can be done in resource limited settings if all protocols are followed. He concluded by saying that because of the delay in diagnosis many people report late leading to complications. He emphasized the need to make people aware about prevention by quitting tobacco and related products both at community and government level.

Outcome: The webinar was a great success in which a total of 71 participants attended. The speaker suggested very useful tips regarding early diagnosis and management approach.
