Good morning, and greetings from a cold and snowcovered Norway.

I will answer your questions below.

Greetings from India!

Thank you very much for your kind communication. In principle, we welcome your proposal of the autumn workshop in India next year. We will be happy to host that event in our University.

May I request you to send some more details regarding the following:

- i) The role and responsibilities of our University and /or our University staff.

We hope your University and Dr. Poonam Sheoran can contribute during the planned workshop in South-India next year. The aim of the workshop is to discuss what challenges supervisors face having foreign students for clinical practice. We would also like her to contribute with the interviews and the writing of an article.

- ii) Do you wish to involve only Dr. Poonam Sheoran from our University or you want involvement of some more staff members as well?

We hope you will let us use Dr. Poonam Sheoran. She is familiar with the project and was part of the workshop that took place this year. We believe it will be easier for her to contribute than for a person not familiar with the project.

- iii) What will be the approximate number of man hours required for completion of the project?

This is hard to answer, but I guess 3 - 4 days for the workshop, a day or two for preparations, and some help with the article. The numbers of hours for the article could be limited down to 30 or so. That means 10 - 11 working days in total.

- iv) What is the approximate budget of the project.

We have applied for a budget that will cover travel expenses and salary for the project-period.

I am really happy to note that our collaboration has been going on very well so far. I had met your students once and am trying to receive the feedback from the Nursing Institution regularly. They seem to be happy here. Kindly let us know in case of any further requirements/ support from our side.

Best regards,

I am happy to inform you that we have received the funding for the project with some of our partners in India. The aim of the Project is to offer training to the nurses who supervise our students in India. We do the same training for the supervisors in Norway and will therefore make sure that you receive the same training .

Those who have signed the contract are:

Maharishi Markandeshwar (Deemed to be University), Mullana - Ambala
St. Joseph Hospital, Tindivannam,
St. Joseph Hospital, Nagpur,
Arokiya Madha, Gangavalli,
Snehadaan, Bangalore.

The workshop will be held in Prashanth Vanam, outside Pondicherry from the 4th- 8th November 2019 and we would ask you to arrive the evening before, please. There will be two nurses from each hospital (those who supervise the students), and as already informed will all your expences be covered. We will come back to you with more information when we get closer to the date, but each hospital we be getting around 1.00.000 INR, which should cover travel expences and food and accomodation. The agreement with the college is that about half of the money will be given to our partners in India.

Since St.Rock's Hospital is not able to attend the 5 days workshop would we like to invite one nurse from The Hospice in Pondicherry and one from the Palliative care center since you have students from Norway as well. We would appreciate if you could inform us if you would be interested to attend.

We are looking foreward to welcome you all and attach the confirmation letter from the college and the Project plan.

May I ask you to confirm that you have received this e-mail, please
