Subject: Request for consultancy services on natural products

Sir,

I am pleased to inform you that we are involved in the business of several high value Himalayan herbs like Himalayan Viagra, Morchella sp., medicinal mushroom Ganoderma lucidium, Fritillaria royale and many more in domestic and international markets.

We are aware of your immense contribution in the field of Alternative Medicines and Tissue Culture research. Furthermore, we are delighted to to know that you provide in depth consultancy services in herbal medicines and help guide industries in process and products development. Hence, we are excited to avail your most valuable services and guidance to help accomplish our business objectives in better scientific ways.

We are currently interested in the following areas:

  
Professor & Hsec  
Dept. of Bio-Technology  
M.M.E.C. Mullana (Ambala)

1. Process development of botanical extracts of desired herbs;
2. Standardization of extracts for medicinally active principles/ biomolecules presence in the extracts (qualitative and quantitative, both).
3. Laboratory studies of herbal extracts/ formulations, in vitro and in vivo models of various human diseases like Aging, Alzheimer's Disease, Diabetes and Hypertension, to validate claimed efficacy or health benefits;
4. Preparation of scientific reports of tested products and publication in national and international scientific journals;
5. Process developments for scientific preservation of raw herbs, tincture and any other process or product development as desired from time to time.

Kindly oblige us with your kind consent and return a signed copy of the letter to us so that we may discuss specific process/products.

Looking forward to hearing you soon.

Dear Sir,

This is in reference to the telephonic conversation which I had with Dr. Sumeet Gupta (Professor of Pharmacology), I wish to collaborate with Dr. Sumeet Gupta, Dept. of Pharmacology of your reputed and esteemed University for possible research activities. The collaboration shall be for exchange of ideas, designing new and innovative research proposals, actual research work by using facilities available at both the institutes and for dissemination of knowledge in form of publication.

I hope our collaboration will have mutual benefits and will have positive impact on advancement of science for better health care.

Dear Dr. Gupta,

Thank you very much for your kind mail requesting for a collaborative research work between my laboratory and yours. It would be my pleasure to collaborate with your laboratory for some of our works mainly linked to various in vivo and in vitro studies.

Further, we may also consider submitting joint proposals to funding agencies on the areas of our common interest which will provide us better scopes in terms of funding for advanced research.

In addition, both of us will have to agree and sign for a confidentiality disclosure agreement form to maintain the confidentiality of data/ result still it is published and/or patented.

With kind regards.

## NYHETER

# Simulering som metode

Denne uken hadde Fakultet for helsefag ved VID Oslo besøk av professorene Jyoti Sarin og Poonam Sheoran fra Maharishi Markandeshwar University i India. De to professorene besøkte Fakultet for helsefag i forbindelse med et samarbeidsprosjekt med VID.

Fra venstre Line Lindenskov, Benedicte Sørensen Strøm, Poonam Sheoran, konstituert rektor Bård Mæland, Jyoti Sarin og Herdis Rangnes. Tredjearsstudent Nils Petter Edwinston er markør/skuespiller. Christine Grave Meyer og Lasse Andreassen fra prosjektgruppen var ikke til stede da bildet ble tatt.

– Vi skal lage en workshop hvor simulering blir brukt som metode for å lære opp praksisveiledere i India til å veilede studentene i praksis, forteller prosjektleder Benedicte Sørensen Strøm.

– Vi sender ut omlag 40 sykepleierstudenter til ulike samarbeidspartnere i India hvert år og har sett behovet for å tilby opplæring av praksisveilederne på samme måte som vi gjør i Norge, sier hun.

I am happy to inform you that we have received the funding for the project with some of our partners in India. The aim of the Project is to offer training to the nurses who supervise our students in India. We do the same training for the supervisors in Norway and will therefore make sure that you receive the same training .

*Those who have signed the contract are:*

Maharishi Markandeshwar (Deemed to be University), Mullana - Ambala  
St. Joseph Hospital, Tindivannam,  
St. Joseph Hospital, Nagpur,  
Arokiya Madha, Gangavalli,  
Snehadaan, Bangalore.

The workshop will be held in **Prashanth Vanam, outside Pondicherry** from the **4th- 8th November 2019** and we would ask you to arrive the evening before, please. There will be two nurses from each hospital (those who supervise the students), and as already informed will all your expences be covered. We will come back to you with more information when we get closer to the date, but each hospital we be getting around 1.00.000 INR, which should cover travel expences and food and accomodation. The agreement with the college is that about half of the money will be given to our partners in India.

Since St.Rock's Hospital is not able to attend the 5 days workshop would we like to invite one nurse from The Hospice in Pondicherry and one from the Palliative care center since you have students from Norway as well. We would appreciate if you could inform us if you would be interested to attend.

We are looking foreward to welcome you all and attach the confirmation letter from the college and the Project plan.

May I ask you to confirm that you have received this e-mail, please

With love Benedicte

Good morning, and greetings from a cold and snowcovered Norway.

I will answer your questions below.

Greetings from India!

Thank you very much for your kind communication. In principle, we welcome your proposal of the autumn workshop in India next year. We will be happy to host that event in our University.

May I request you to send some more details regarding the following:

- i) The role and responsibilities of our University and /or our University staff.

We hope your University and Dr. Poonam Sheoran can contribute during the planned workshop in South-India next year. The aim of the workshop is to discuss what challenges supervisors face having foreign students for clinical practice. We would also like her to contribute with the interviews and the writing of an article.

- ii) Do you wish to involve only Dr. Poonam Sheoran from our University or you want involvement of some more staff members as well?

We hope you will let us use Dr. Poonam Sheoran. She is familiar with the project and was part of the workshop that took place this year. We believe it will be easier for her to contribute than for a person not familiar with the project.

- iii) What will be the approximate number of man hours required for completion of the project?

This is hard to answer, but I guess 3 - 4 days for the workshop, a day or two for preparations, and some help with the article. The numbers of hours for the article could be limited down to 30 or so. That means 10 - 11 working days in total.

- iv) What is the approximate budget of the project.

We have applied for a budget that will cover travel expenses and salary for the project-period.

I am really happy to note that our collaboration has been going on very well so far. I had met your students once and am trying to receive the feedback from the Nursing Institution regularly. They seem to be happy here. Kindly let us know in case of any further requirements/ support from our side.

Best regards,

Sub: Seeking permission for a collaborative research project

Dear Sir,

Greetings from Bodhi Health Education!

At the outset we would like to thank Maharishi Markandeshwar (Deemed to be) University for the support provided to Bodhi in the development of its eLearning modules.

Bodhi would like to take forward another collaborative project with your esteemed university in the area of research under the guidance of Dr. Jyoti Sarin, Dean, Faculty of Nursing. We would like to evaluate the effectiveness of the eLearning modules developed by us and seek your kind permission for the same. A synopsis of the proposed research is also attached herewith.

We look forward to your kind consent and a continued association with MM (Deemed to be) University

Thanking You,

I am happy to inform you that we have received the funding for the project with some of our partners in India. The aim of the Project is to offer training to the nurses who supervise our students in India. We do the same training for the supervisors in Norway and will therefore make sure that you receive the same training .

*Those who have signed the contract are:*

Maharishi Markandeshwar (Deemed to be University), Mullana - Ambala  
St. Joseph Hospital, Tindivannam,  
St. Joseph Hospital, Nagpur,  
Arokiya Madha, Gangavalli,  
Snehadaan, Bangalore.

The workshop will be held in **Prashanth Vanam, outside Pondicherry** from the **4th- 8th November 2019** and we would ask you to arrive the evening before, please. There will be two nurses from each hospital (those who supervise the students), and as already informed will all your expences be covered. We will come back to you with more information when we get closer to the date, but each hospital we be getting around 1.00.000 INR, which should cover travel expences and food and accomodation. The agreement with the college is that about half of the money will be given to our partners in India.

Since St.Rock's Hospital is not able to attend the 5 days workshop would we like to invite one nurse from The Hospice in Pondicherry and one from the Palliative care center since you have students from Norway as well. We would appreciate if you could inform us if you would be interested to attend.

We are looking foreward to welcome you all and attach the confirmation letter from the college and the Project plan.

May I ask you to confirm that you have received this e-mail, please

With love Benedicte

Good morning, and greetings from a cold and snowcovered Norway.

I will answer your questions below.

Greetings from India!

Thank you very much for your kind communication. In principle, we welcome your proposal of the autumn workshop in India next year. We will be happy to host that event in our University.

May I request you to send some more details regarding the following:

- i) The role and responsibilities of our University and /or our University staff.

We hope your University and Dr. Poonam Sheoran can contribute during the planned workshop in South-India next year. The aim of the workshop is to discuss what challenges supervisors face having foreign students for clinical practice. We would also like her to contribute with the interviews and the writing of an article.

- ii) Do you wish to involve only Dr. Poonam Sheoran from our University or you want involvement of some more staff members as well?

We hope you will let us use Dr. Poonam Sheoran. She is familiar with the project and was part of the workshop that took place this year. We believe it will be easier for her to contribute than for a person not familiar with the project.

- iii) What will be the approximate number of man hours required for completion of the project?
