English Comprehension	NOVICE: At the Novice level, listeners can understand key words, and expressions that are highly contextualized and highly predictable. Novice-level listeners understand words and phrases from simple questions, statements, and high-frequency commands. They typically require repetition, rephrasing, and/or a slowed rate of speech for comprehension. Novice-level listeners are most accurate when they

are able to recognize speech that they can anticipate. These listeners tend to recognize rather than truly comprehend.
