MAHARISHI MARKANDESHWAR UNIVERSITY
MULLANA-AMBALA, HARYANA (INDIA) - 133203
(Established under Section 3 of the UGC Act, 1956)

Name of the program conducted: Scientific Writing and Reference Management with Hands On

Date: 24.07.2015

Organized by: Department of Public Health Dentistry

A brief description of the program:

Department of Public Health Dentistry, M.M College of Dental Sciences & Research, M.M.U, Mullana (Ambala), had organized 'Scientific Writing and Reference Management with Hands On' on 24.07.2015 at Committee Room, MM (Deemed to be University). The events focused on preparing scientific research papers among UG & PG students, faculty members also participated in that CDE program. An enthusiastic response was observed among all participants.

Schedule of Program:

Time	Topic	Resource person
10 am	Inauguration	
10.30 am to 12.30 pm	Lecture on Scientific Writing and Reference Management	Dr. Arpit Gupta
12.30 pm to 1.30 pm	Lunch	12.30 pm to 1.30 pm
1.30 pm to 3.30 pm	'Hands On' on Scientific Writing and Reference Management	Dr. Arpit Gupta
3.30 pm	Valedictory & feedback	

Number of participants: 95

Detail of resource person (if any): Dr. Arpit Gupta, Senior Resident, AIIMS, New Delhi

PROGRAMME HIGHLIGHTS

- Focussed lectures
- Audio-visual presentation
- Hands on training in small groups
- Clinical scenario discussion

SCIENTIFIC PROGRAMME

<u>Time</u>	<u>Topic</u>	<u>Speaker</u>
8:30- 9:00am	Registration	
9:00-9:30am	The need and basics of BLS algorithm	
9:30-10:00am	High quality CPR & its significance / COLS	Dr. Manisha Bhatt Dwivedi, MMIMSR
10:00-10:30am	Airway Maneuvers & Ventilation techniques	Dr. Neha Gupta, MMIMSR
10:30-11:00am	Understanding of AED	Guest Lecture by Dr. Veena Chathrath Prof. & Head, Department of Anaesthesia, GMCH, Amritsar
11:00-11:30am	High Tea	Dr. Babita Ramdev, MMIMSR
11:30am-12:00pm	Paediatric Life Support	
12:00-12:30pm	ROSC & Post arrest care	Dr. Sapna Bansal, MMIMSR
12:30-01:00pm	Clinical Scenario- Choking, Drowning, Pregnancy, pacemaker, Medicine Patch	Dr. Salma Mariyam, MMIMSR Dr. Neha Yadav, MMIMSR
01:00-01:45pm	Lunch	
02:00-02:30pm	Demonstration- Single Rescuer, Two Rescuer techniques	
02:30-04:00pm	Hands on training	

Date : 25 September 2015

BLS/ACLS WORKS

25th - 27th SEP, 2015

MAHARISHI MARKANDESHWAR UNIVERSITY

MULLANA-AMBALA, HARYANA (INDIA) - 133203

(Established under Section 3 of the UGC Act, 1956)

(Accredited by NAAC with Grade 'A')

A National Level MHRD sponsored ICT based Short Term Course on “Mobile Computing” was organized by ECE Deptt., M.M.E.C. from 25.01.2016 to 29.01.2016 through NITTTR, Chandigarh. The aim is to upgrade knowledge of the faculty as per today’s scenario. The experts discussed their practical experiences on

- 1) Mobile Computing
- 2) GSM and CDMA Networks
- 3) GSM Architecture

The program was coordinated by Dr. SBL Sachan, Faculty members from different departments had keenly attended the program.

TIME TABLE

for Short Term Course on "Energy Management through ICT"
(08th to 11th February , 2016)

Day & Date	10.00-11.30 AM	11.45AM-1.00PM	1-2 PM	2.00-4.00PM
Monday 08.02.2016	Inauguration and registration	Renewable Energy Sources (SLS)	L	Energy Conservations and Management (SC- Expert)
Tuesday 09. 02.2016	Hydro and Wind energy (AS-Expert)	Energy from Biomass (PS)	U	Energy Audit Practices (SC - Expert)
Wednesday 10. 02.2016	Research scope on solar photo-voltaic array (SLS)	Embedded engineers for Green Technology (RT)	N	Real time projects on (i) Peltier effect (energy generation from waste heat) (ii) Solar battery charging (TD)
Thursday 11. 02.2016	HOMER Software (SS- Expert)	HOMER Software (Expert)	C	Power Quality Issues (TS- Expert)
Friday 12. 02.2016	Energy Lab (TT-Expert)	Energy Management in Smart Grid (AS- Expert)	H	Valediction-

SSL - Mrs. Shimi. S.L, Assistant Professor, Electrical Engineering Department, NITTTR
 PS - Dr. Poonam Syal, Associate Professor, Electrical Engg. Department, NITTTR, Chandigarh
 RT - Mrs. Ritula Thakur, Assistant Professor, Electrical Engineering Department, NITTTR, Chandigarh.
 TD - Mr. Tejinder Kumar Devgon , Physical Science Department , IISER Mohali
 TT - Dr Tilak Thakur, Associate Professor, PEC university of Technology, Chandigarh
 TS - Tejinder Singh Saggi, Assistant Professor, PEC University of Technology, Chandigarh

AS - Abhishek Syal, Sr. Market Intelligence Analyst, EMC , Boston,US. (Was Student MIT Boston,US)

SS - Shakthi Singh, Assistant Professor, E and I Department, Thapar University.

In case of any further assistance, pl. contact me.

(Established under Section 3 of the UGC Act, 1956)
(Accredited by NAAC with Grade 'A')

Name of the Program conducted: CARCINOGENESIS: MOLECULAR, IMAGING AND SURGICAL ASPECTS

Date: 19.3.2016

Organized by: Department of Oral & Maxillofacial Pathology, MMCDSR

A brief description about the program: The Department of Oral & Maxillofacial Pathology at M.M. College of Dental Sciences & Research, Mullana, Ambala organized a one day CDE program on “CARCINOGENESIS: MOLSECULAR, IMAGING AND SURGICAL ASPECTS” on 19th March, 2016.

Schedule of program: It was a one day program held at seminar hall of M.M. Engineering College Block-2 within the University premises.

Number of participants: 139

Detail of resource persons: The guest speakers included Dr. Anil K. Sharma, Professor and Head Department of Biotechnology, Mullana who delivered a research based lecture on MARKERS IN BREAST CARCINOMA, Dr. Amit Mittal, Professor and Head, Department of Radiology, MMIMSR, Mullana delivered an insightful lecture on the topic Cervical Lymph node imaging, and Dr. S. S. Trehan, Oncosurgeon at MMIMSR, Mullana delivered a lecture on Carcinogenesis. Post lunch session comprised of panel discussion on epithelial dysplasia which was chaired by Dr. Amit Nayar Professor and Head, Swami Devi Dayal Dental College.

MAHARISHI MARKANDESHWAR UNIVERSITY

MULLANA-AMBALA, HARYANA (INDIA) - 133203

(Established under Section 3 of the UGC Act, 1956)

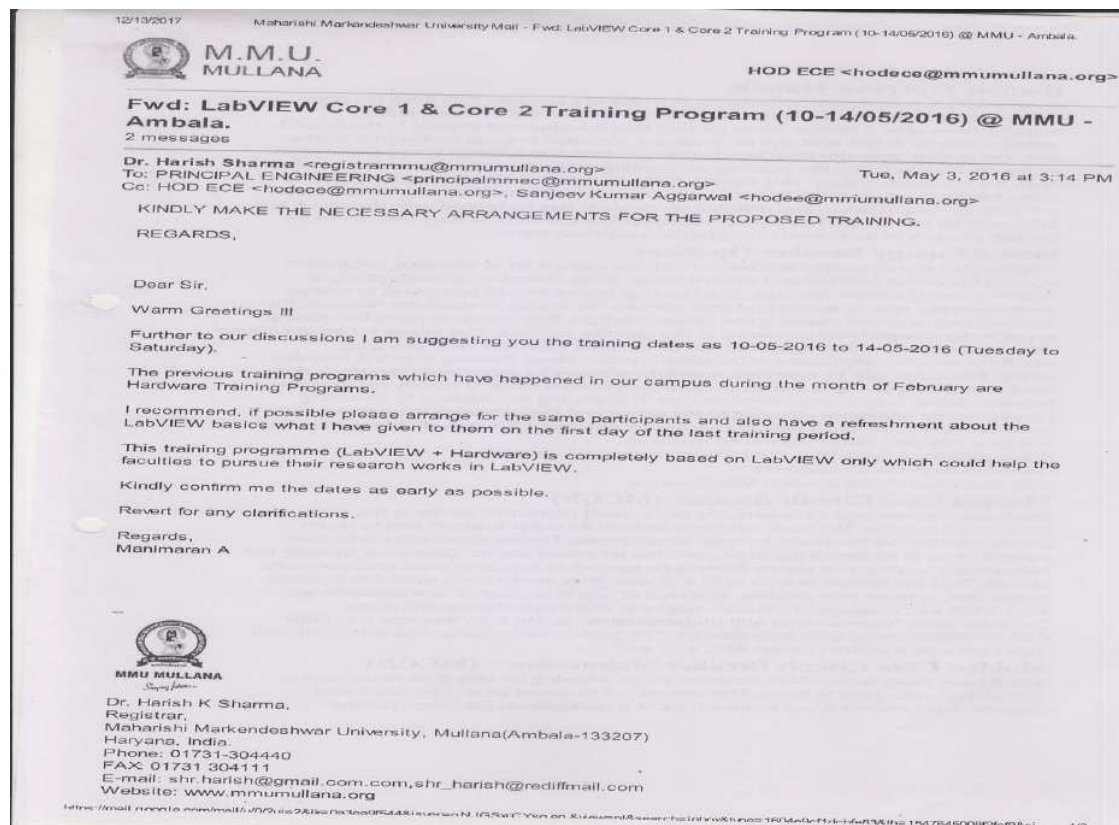

(Accredited by NAAC with Grade 'A')

The faculty members of ECE and EE had undergone a training session of LabVIEW during the period from 10th May, 2016 to 14th May, 2016. The expert from **National Instruments**, Mr. Manimaran trained the faculty about the basic applications of LabVIEW graphical programming environment.

NI training provides the tools and resources to take the skills to virtual lab. The LabVIEW environment has been explored with data flow programming, reading and writing data to a file, usage of design patterns and implementation of LabVIEW applications. The expert was technically and instructionally sound and was able to impart maximum information about this module successfully.

After the completion of this training module, the faculty of ECE and EE are capable enough to develop basic applications in LabVIEW environment and are providing 15 days summer training to second year and third year students of ECE and EE. The faculty can also provide training sessions to other faculty members from various departments of MMU and other organizations as well.

It is required that for the smooth functioning of training sessions and to explore further skills in faculty and students, a dedicated Lab having PCs with windows operating systems is to be established.

TI Training program

M.M. University Trust in collaboration with Texas Instruments Innovation Center (TIIC) (A partner of Texas Instruments India University Program) established a 'Centre of Excellence' at M M University Campus, Mullana. TI University Program is a global program dedicated to supporting educators, researchers and students in facilitating the inclusion of TI analog and embedded processing in engineering classrooms, teaching and research labs, textbooks, design projects and course curriculum. Incorporating TI technology into curriculum provides educators with the ability to teach real world concepts and complement this with a unique hands-on learning experience utilizing TI tools, making it more exciting, relevant and valuable to the student. Under TI University Program, two trainers Mr. Sajad Rather and Mr. Asif Hussain from EDGATE technology, Bangalore (A partner of Texas Instruments India University Program) organized three days (Dec. 22-24, 2016) installation & training session for the faculty of Electronics and Communication and Electrical Engineering department. 30 faculty members successfully attended the training sessions.

Faculty development program on "Digital System Design"

Department of Electronics and Communication Engineering, MMEC, M.M.(Deemed to be University), Mullana organised an ICT- Based 5-days faculty development program on "Digital System Design" in collaboration with NITTTR, Chandigarh. The objective of the course was to provide knowledge to participants in the field of digital system design.

The program was started with a very interesting lecture on the topic designing of combinational and sequential circuits, simulation, synthesis and implementation of these circuit using VHDL. Also participants learned about XC4000e series and 9500 series of reconfigurable devices. Hands on practice session on FPGA for implementation of digital systems has been conducted on the last day of the workshop.

Dear all,
As the confirmation has been received from NITTTR, Chandigarh at a short notice, kindly cooperate and send the interested faculty members for this course.

NOTICE

Department of Electronics and Communication Engg. is organizing a one week Short Term Course on "Digital System Design" (through ICT by Department of Electronics and Communication Engineering, NITTTR, Chandigarh) as per the following particulars:
Duration : January 28 to February 01, 2019
Venue : NI Center of Excellence - 269 (First Floor, Engg. Block -1)

The objective of the course is to provide knowledge to participants in the field of Digital System Design.
After undergoing this program, the participant should be able to do the designing of combinational and sequential circuits. Simulation, Synthesis & implementation of circuits using VHDL. Learning about XC4000e and 9500 Series of reconfigurable devices. Implementation of digital systems on FPGAs.
As per the directions of the Director Sir, following departments are requested to send the names of interested faculty members

Electrical Engineering
Computer Science Engineering
Physics Deptt.
MCA Deptt.

All HODs are requested to send the names of the faculty members to Dr Sharad Sharma at mail <sharadsharma@mmumullana.org>.

DETAILS OF RESOURCE PERSONS:- Dr. Phillip E. Schneider ,DMD,Swiss Federal Dentist ;Consultant of ivoclar Vivadent AG is resource person for event. He graduated at the university of Zurich Switzerland and is affiliated to its Dental Institute as instructor and assistant Professor since 1974.After post graduation in united state (UCLA) and Japan (Tokyo Dental College)in restorative dentistry ,periodontology and prosthodontics he opened his private clinic in Switzerland.He features over 35 year clinical experience and his worldwide lecturing activities opened him insights in numerous countries like India,Japan,South America and United States.

Report

TNAI Haryana state branch 7 days Workshop in collaboration with MM College of Nursing, Mullana

“ Advanced Nursing Skills” an imperative session for nursing personnel

The workshop started with great enthusiasm by welcoming the participants and registering them for the workshop. The participants were given a kit bag which contained note pads, a pen, programme schedule, and delegate tags.

Organising team community health nursing department

The first session was delivered on Hospital acquired infections: Common microorganism and MDR by Mr Dipankar Biswas, Tutor at Microbiology department, MMDU, Mullana. The Lecture was made very simple to understand for the delegates and it was well reciprocated by them.

Ms Ramandeep kaur, NRSC, SGT,

Mr Dipankar Biswas, MMDU

The second session was by Ms Ramandeep Kaur, Director of NRSC, SGT, Gurugram, who highlighted the basics of Simulation Based education. The next session was on Hospital

Acquired Infections: Introduction & Major types of (HAI) (Pathogenesis and diagnosis) delivered by Dr Manju Dandapani, Nursing Faculty, NINE, PGIMER, Chandigarh. This session was more of interaction session; the delegates were made to participate actively in the session.

The inaugural session started at 11.30am after the tea break, all the dignities were present, Chief guest Mrs Evelyn P Kannan, TNAI Secretary-General, New Delhi, guest of honor Mrs Sheela Dhingra, Secretary TNAI Haryana State Branch and Mr Ajinas AM, Asst Secretary General TNAI, New Delhi. Along with them on the dias were Dr Mrs Jyoti Sarin, Principal MMCON, Mrs Uma J deaver and Ms Eenu Workshop Cordinators. The dignitaries were welcomed with a bouquet and the welcome speech was delivered by Dr Jyoti Sarin.

Mrs Evelyn Unfolded the theme of the workshop, she spoke on how the trend has been changing time to time and we as nurses should upgrade our knowledge and skills to keep up the changing trend. She gave many examples and explained this issue. She also said that the TNAI has very few members compared to the number of nurses present in the country.

The higher the number of members in the association, the better response we will get from the government to get our profession recognized. She requested to all delegates to become TNAI

AMBALA, HARYANA

ABOUT US

MM deemed to be University, Mullana, Ambala was founded with the objective of social, educational and economic upliftment of society in the year 1993. MM College of nursing is one of the best Nursing colleges in North India started in 2004, since then expanded its wing to offer M.Sc Nursing in five specialties; Community Health Nursing, Medical Surgical Nursing, Child Health Nursing, Mental Health Nursing, Obstetric and gynecological Nursing and PhD in Nursing in 2011.

HOW TO REACH:

ABOUT THE PROGRAMME

Nursing competency includes core abilities for fulfilling one's role as a nurse. Nurses work on the front line of patient care. It is essential that the skills stay up-to date to ensure quality treatment for patients. The present workshop is based on updating the advanced Nursing skills of nursing personnel. This workshop will help nurses to gain knowledge in providing seamless health care to the patients, develop specific and sustainable skills to improve nursing services.

Aims of the workshop:
To update advanced nursing skills and knowledge for safe, effective practice, recognize and work within professional boundaries and level of competencies in clinical nursing in hospitals, public health, education, administration and research areas.

Objective of the workshop:

- Provide a high standard of practice and care.
- Keep skills and knowledge up to date.

Solar Panel Installation Technician Course : A hands on practice session for non teaching staff members had been conducted by experts from Electronics and Communication department. The motive of this course was to train the person who can check the installation site, understands the layout requirements as per design, assesses precautionary measures to be taken, installs the solar panel as per customer requirements and ensure effective functioning of the system post installation. All the staff members of different departments had attended the workshop with great enthusiasm.

Report

Department of Law MMDU Mullana organised a short training program for the Non-Teaching staff of the department. On Oct.19, 2019 the event was conducted for them in the computer lab of Dept of Law. The workshop was attended by the library staff as well. Delivering the training Dr Rohit Vaid and Mr Gaurav Sharma guided them about the use of university's tools, resources and also about various software required for academic management in the university.

The librarian and the other staff of the office were trained in the use of library management software. The ERP team also shared some important tips about biometric attendance management, updating of mentor-mentee records and the data management for various activities in the department. Mr Rajat and Mr Nikhil shared the work done by the department in attendance management.

Addressing the participants Principal and Head Prof. (Dr) Bindu Jindal appreciated their efforts. Mr Gaurav Sharma also appreciated the work as well as the coordination done by the department with the ERP team of the university.

One Day Workshop on “Basic Knowledge of MATLAB”

Department of Electronics And Communication Engineering of MMEC organized a one day workshop on “**Basic Knowledge of MATLAB**” on 12th December, 2019 for non teaching staff of Engineering College. The objective of the workshop was to provide a basic knowledge of MATLAB software along with hands on practice. The workshop was divided into two slots. The first slot was a brief Introduction to MATLAB and was addressed by Dr. Sharad Sharma, Prof. & Head ECE Department. The second slot was hand-on-experience using MATLAB software and was addressed by Dr. Pooja Kaushik, Asstt. Prof, ECE Department. . The workshop was a great success as 14 non teaching staff members from 8 departments attended the workshop with great enthusiasm and interest.
